

CORPORATE PRESENTATION

Barcelona, 11th January 2025

About us

History

Dukat is a newly established company formed by a team of seasoned professionals with extensive expertise in the sector and particularly in EU institutions.

Team

Team of experienced and skilled professionals. We believe in Teamwork and continuous Personal and Professional Growth in an atmosphere where everyone can participate and develop.

Mission

To foster strong and dynamic relationships with customers, consultants, and other stakeholders across diverse contract opportunities. We provide both **Time & Means (T&M)**, **Quoted Time and Means (QTM)** services and **Fixed Price (FP)** solutions.

ANNEXES

<https://ted.europa.eu/en/notice/-/detail/54124-2025>

DIGIT - Directorate-General for Informatics of European Commission

consulting, software development, Internet and support **EC-DIGIT/2024/OP/0019**

Amount: 541M€

Duration: 3 years (contract published January 2025 – **expected award May 2025**. Specific contracts may extend the end of the FC)

Service Type: Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

SCOPE: The technical scope of the services to be procured under the MAIA call for tenders covers all the services previously included in the scope of the Mini-Competitions 'MC12-DAFNE' (covering development, operations and support of information systems) and partially 'MC13' (covering managed services), both initially planned under the procedure DIGIT/A3/PR/2018/035 CLOUD II DPS 2. This procurement procedure also replaces the DIGIT XM multiple framework contracts (DI/07730 through DI/07734) and the DIGIT SM framework contracts (DI/07850 for Lot 1, and DI/07851 and DI/07852 for Lot 2).

| LOT | description | budget | No awarded tenderers | max contract per year |
|--|--|--------|----------------------|-----------------------|
| Lot 1 - IS development, maintenance, migrations to cloud, operations and support predominantly in AWS. | Procurement of external service for development, maintenance, migration to cloud, support and operations delivered as a managed service of IS predominantly using the AWS Cloud Platform. | 50M | 1 | 300.000,00 € |
| Lot 2 - IS development, maintenance, migrations to cloud, operations and support predominantly in Azure. | Procurement of external service for migration, development, maintenance, migration to cloud, support and operations delivered as a managed service of IS predominantly using the Microsoft Azure Cloud Platform. | 50M | 1 | 300.000,00 € |
| Lot 3 - Development, maintenance, migration to cloud, support and operations of IS that are either cloud agnostic or deployed in cloud providers different from AWS and Azure. | Procurement of external service for development, maintenance, migration to cloud, support and operations of IS that are either cloud agnostic (i.e. portable to other cloud providers with minimal changes) or deployed in cloud providers different from AWS and Azure. | 50M | 1 | 300.000,00 € |
| Lot 4 - Development, maintenance and related operations and support for predominantly non-cloud IS | Procurement of external services for development, maintenance and related support and operations for predominantly non-cloud IS with any type of user interfaces (mobile, desktop, web, IoT) and covering any business areas. | 50M | 1 | 300.000,00 € |
| Title: Lot 5 - Non-cloud IS support and operations for predominantly non-cloud IS | Procurement of external services for support and operations of predominantly noncloud Information Systems (IS). | 50M | 1 | 300.000,00 € |
| Title: Lot 6 - IT services including IS development, maintenance, migrations, support and operations for Cloud and non-cloud: | Description: Procurement of external service for development, maintenance, migration, support and operations for cloud and non-cloud delivered as a managed service including. This includes migration of Information Systems (ISs), infrastructure, data, and other workloads from on-premises location to public, hybrid or private cloud, or from one cloud to another, and the systems' operation, maintenance and support following the migration. Migration types include, but are not limited to re-platforming, re-architecting and rehosting (only as a milestone). The lot also includes analysis and design of new or existing Information Systems (ISs), their development, their implementation and operations, maintenance, and support following the implementation. The Contract may concern all types of Information Systems (IS), cloud or non-cloud, with any type of user interfaces (mobile, desktop, web, IoT) and cover any business areas. It may concern as well legacy applications and OSS developments. | 290M | 20 | 5M per project |

BEACON

<https://ted.europa.eu/en/notice/-/detail/322250-2021>

DIGIT - Directorate-General for Informatics of European Commission

Benchmarking, Advisory and Consultancy Services in Information and Communication Technology

Amount: 411M€

Duration: 4 years (contract awarded January 2022. Specific contracts may extend the end of the FC)

Service Type: Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

Reopening of competition will be the default award method (Above 100.000 €). Additionally, cascade will be allowed for contracts under a maximum threshold of **100.000 €**

SCOPE:

- ICT Governance and Management
- Assessments, Monitoring, and Evaluation Approaches
- ICT Quality Management
- Business Process Simplification
- Data Management
- Semantic interoperability
- Computing Methodologies and Analytics
- User Experience (UX) and Behavioral Sciences
- Software Products
- Artificial Intelligence
- Blockchain
- Internet of Things (IoT)
- ICT Architecture
- Information Systems
- Software engineering
- Legal interoperability
- Assessment of ICT impacts of legislation
- Digital Public Services
- Digital Skills
- ICT Security
- Computer Hardware
- Sharing and Reuse Practices
- ICT Infrastructures and Networks
- Foresight
- Mobile Government

A non-exhaustive list of examples of the types of projects that can be requested:

- Use of ICT to support the implementation of EU legislation and policies;
- Use of ICT to support the EU public policy cycle including public procurement;
- ICT governance;
- Studies enabling the analysis, design, and implementation (testing included) of European digital public services;
- Studies supporting digital public services portfolio management decision support and digital transformation roadmap support;
- Studies supporting the analysis of ICT capacity building;
- Studies supporting the knowledge transfer of digital skills;
- Studies supporting the use of new innovative technologies such as artificial intelligence in public administrations and society;
- Studies on how future developments in ICT could impact public administrations and society.
- Information systems and Quality Assurance (e.g. on Service Oriented Architecture or studies for strategic projects);
- Monitoring and evaluation of programmes that support the implementation of EU legislation and policies;
- Computer hardware/software and Infrastructure (e.g. on product management, on telecoms, on green data centre, on cloud);
- **Data management** (e.g. on open, big, public, scientific data)
- **ICT security;**
- **Studies and support to the spatial data solutions;**
- Studies on the user engagement and experience;
- Studies on the sharing and reuse (e.g. data, solutions, modules, software, etc);
- Planning, implementing and coaching best practices and standards including mid to long term assistance and maturity assessment.
- Studies on the use of new innovative technologies and foresight

SIDE III

<https://ted.europa.eu/en/notice/-/detail/160275-2023>

(no public Tender Docs as it was published through CLOUD DPS)

DIGIT - Directorate-General for Informatics of European Commission

Software for Innovation, Diversity and Evolution III (DPS SIDE III)

Amount: 2670M€

Duration: 4 years (contract awarded October 2023. Specific contracts may extend the end of the FC)

Service Type: Time and Means (**TM**) Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

Mini competition

SCOPE:

TABLE OF CONTENTS

| | |
|---|----|
| 1. SCOPE AND DESCRIPTION OF THE DPS..... | 5 |
| 1.1. Legal basis..... | 5 |
| 1.2. Contracting Authority: who is the buyer? | 5 |
| 1.3. Scope | 9 |
| 1.3.1. Supply of software use rights | 9 |
| 1.3.2. Supply of SaaS use rights | 10 |
| 1.3.3. Provision of IT services linked to the acquisition of licences | 10 |
| 1.3.4. SAM and comprehensive licence management services | 10 |
| 1.4. Place of performance/delivery..... | 11 |

1.3.3. Provision of IT services linked to the acquisition of licences

These services consist of:

- off-site support services (provided via telephone, web, email or chat channels)
- installation services, covering initial deployment and configuration of a software platform, related to acquired software
- on-site support services
- technical consultancy services, typically to assist with the deployment and configuration of a software solution, or to assist in its redesign and redeployment (i.e. in the context of a migration to new major releases)

Support is also sometimes required for Open Source software packages (OSS) for which no licence is acquired (example: Red Hat Linux).

PROSERV DPS

<https://ted.europa.eu/en/notice/-/detail/210206-2024>

DIGIT - Directorate-General for Informatics of European Commission

consulting, software development, Internet and support – Professional Services Dynamic Purchasing System (PROSERV DPS)

Amount: 1200M€

Duration: 4 years (contract awarded Sept 2024. Specific contracts may extend the end of the FC)

Service Type: Time and Means (**TM**) Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

Reopening of competition among ALL registered bidders

SCOPE:

The general scope for the PROSERV DPS is the sourcing of IT professional services. Purchase of Equipment is not in scope.

The exact scope and requirements of each Contract will be determined in the procurement documents of the respective Competition and may include, for example, the following services falling under the general scope of this DPS:

- Consulting (Benchmarking, Advisory, audits, prototypes and Studies)
- Development Services (design, implementation, migration, maintenance)
- Operations
- Cybersecurity
- Data science

PROSERV DPS

SCOPE (cont.):

The scope of one Contract may combine different fields, e.g., combining Development Services and Operations.

In addition, each Competition determines the requirements of its resulting Contract. The Contracting Authority may define, for example, profiles based on the nature of tasks and knowledge and skills required. For the purpose of the delivery of the Contract, each technical field requires expertise in the technologies, methodologies and products to be specified at the level of the Competition.

This DPS is not divided into categories.

The procurement documents of the respective Competition will specify the type of the resulting Contract (Framework Contract or Direct Contract).

PLACE OF PERFORMANCE

All service modes envisioned in this DPS are generally executed outside the Contracting Authority's premises (i.e. off-site or extra-muros). Nevertheless, punctual technical interventions can be foreseen at the Contracting Authority's premises for specific tasks like installations, acceptance tests, technical analysis or other actions that require on site presence. Meetings at the Contracting Authority's premises with the contractor's team can be required occasionally.

Performing Services in the scope of this DPS cannot take place at the Customer's premises on a permanent basis.

(.....)

Additional requirements on the place of delivery may be further defined at the level of the Competition

SITCO II – LOT 3

<https://ted.europa.eu/en/notice/-/detail/158106-2024>

DIGIT - Directorate-General for Informatics of European Commission

Specialised IT Consultancy Services II - Lot 3: Office Automation, Cloud and Document transformations engineering and support

Amount LOT 3: 10M€

Duration: 4 years (contract awarded December 2024. Specific contracts may extend the end of the FC)

Service Type: Time and Means (**TM**) Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

One single contractor per lot

SCOPE:

“..... include tasks such as the conception, design, development, integration, maintenance and technical support of office automation software applications and collaborative solutions and services, the execution of office application tests, integration tests, the carrying out of studies, research and support in the fields of multilingualism in IT, ODEF (Open Document Exchange Formats) and office automation in general, in relation to desktop version of Microsoft Office as well as Microsoft Office 365 (cloud-based office platform). In addition, expertise in creating, converting and maintaining existing software solutions that meets the requirements of open-source solutions

PROFILES:

Office Automation Expert (OAE)

Office Automation Consultant (OAC)

Expert in Quality Assurance

Office Automation Developer

Datacentre Infrastructure Solutions (DIS) CRO12

<https://ted.europa.eu/en/notice/-/detail/212681-2023>

DIGIT - Directorate-General for Informatics of European Commission

Datacentre Infrastructure Solutions (DIS) CRO12

Amount: 622M€

Duration: 7 years (contract awarded Oct 2018. Specific contracts may extend the end of the FC)

Service Type: Time and Means (**TM**) Quoted Time & Materials (**QTM**) / Fixed Price (**FP**)

Mini competition

2.2.2.3. Professional services

The Contractor shall be able to provide professional services on times and means, quoted times and means and a fixed price basis.

The Framework Contract will cover the provision of the professional services required throughout the various phases of the lifetime of a solution.

The following profiles can be required (non-exhaustive list):

- System Architect
- System Engineer
- System Administrator
- Project Manager

Professional Services may be required during normal working hours as well as during extended working hours.

For future reopening of competition procedures, if professional services are required, EUIs will describe the service level requirements for the requested professional services in the Specific Service Level Agreement applicable to their reopening.

DG COMM

INITIAL CLARIFICATION:

DG COMM has two framework contract for the procurement of communication / dissemination Services related to IT: **THEMATIC and EUROPA**. EUROPA has now been divided in two different FCs according to the type of services (TM, QTM, FP). TM FC has been published and awarded. FP is still to be published.

Not easy to differentiate among the two FCs: Europa has a wider scope (software development / web development) while Thematic might be more focused into communication CAMPAIGNS

DG COMM EUROPA TM

<https://ted.europa.eu/en/notice/-/detail/428687-2024>

DG COMM

EC-COMM/2024/OP/0537 - Framework Contract for Digital Communication Services and Social Media

Amount: 240M€

Duration: 4 years (contract awarded Dec 2024.
Specific contracts may extend the end of the FC)

Service Type: **TM**

Cascade with 3 contractors

SLA and liquidated damages “DIGIT TM2 style”

SCOPE:

The Contractor, in close coordination with the European Commission and other contracting authorities, will perform all services needed to design, set up, create, improve and maintain the contracting authorities' web presence and other digital communication channels

2. SERVICES REQUIRED
- 2.1. Communication support and strategic advice
- 2.2. Website inception and planning
- 2.3. Information architecture and design
- 2.4. Content strategy, creation, maintenance of content
- 2.5. Development and configuration of websites
- 2.6. Regular updating and maintenance of websites
- 2.7. Web tools and services management
- 2.8. Social media management, analysis, monitoring, measurement and social engagement
- 2.9. Support to the technical coordination
- 2.10. Definition of standards for digital communication

DG COMM EUROPA TM

THEMATIC

<https://ted.europa.eu/en/notice/-/detail/126245-2024>

DG COMM

EC-COMM/2024/OP/0021 - Mixed Multiple Framework Contract for Thematic Communication Services

Amount: 180M€ (LOT 1 100M9, Lot 2 80M)

Description: Description: The "Mixed Multiple Framework Contract for Thematic Communication Services" will offer contractual solutions for all types of communication projects **with budgets up to €900,000**. Activities covered include strategy and concepts, production and media planning and buying for all types of media based on delivery via fixed price services or Times-and- Means. Additionally, the Framework Contract provides for a reasonable use of reimbursable costs, thus allowing the use of local services at market prices whenever possible (e.g. for catering, logistics, cleaning or security services, participation at fairs, festivals or other events by exclusive providers; as well as media buying). The Framework Contract is a follow-up to the 2019 Thematic Communication Framework Contract.

Duration: 4 years (contract awarded Dec 2024. Specific contracts may extend the end of the FC)

Cascade with 3 contractors

SLA (only LOT 1) and liquidated damages "DIGIT TM2 style" for GFC management and SC management. Specific SLA for Delivery.

LOT 1 – TM, QTM, FP

LOT 2 - TM

SCOPE:

The Contractor, in close coordination with the European Commission and other contracting authorities, will perform all services needed to design, set up, create, improve and maintain the contracting authorities' web presence and other digital communication channels

| 168 | Medium complexity: 300-999 characters with spaces | Unit |
| 169 | High complexity: 1000 or more characters with spaces | Unit |
| 2.3.4 | Concept Development and Production of video clips | |
| | Price per clip. For clips with more than 5 minutes, the price will be calculated as follows: minutes (more than 5) x (price for 5 | |
| 170 | Concept Development/Script for an audiovisual product (≤1 minute 30 seconds) | Unit |

DG COMM THEMATIC

SCOPE LOT 1 – UNITS (2):

| | | |
|----------------|--|---------------------|
| 2.3.5.1 | Creation and Updating of Web Content | |
| | Website Architecture | |
| 187 | Definition of local navigation | Unit |
| 188 | Identification of site capabilities (content and functionalities needed to perform up to 10 top tasks) | Unit |
| | User interface / Usability design | |
| 189 | Creation of simple, low-fidelity wireframe for 5 different pages, including the Home Page or another high value page. | Unit |
| 190 | Creation of a high-fidelity wireframe for 5 different pages, including the HP or another high value page. | Unit |
| 191 | Creation of complete HTML prototype for 5 different pages, including the Home Page or another high value page. | Unit |
| | Visual / Web design | |
| 192 | HTML cutting of the Home Page | Unit |
| 193 | HTML cutting of second or lower level pages | Unit |
| 2.3.5.2 | Analytics | |
| 194 | Research, produce and deliver web analytics report | per Report |
| 2.3.5.3 | Development of one Application | |
| 195 | Simple: No API integration, no back-end, standard UI components, simple features like email subscription, social login, calendar, etc. | Unit |
| 196 | Medium: Custom UI features, API integration, headsets and tablets adaptation, back-end server. | Unit |
| 197 | Complex: Multi-language support, 3rd-party integrations, custom animations, complex back-end, real-time features. | Unit |
| 2.3.5.4 | Web Streaming | |
| 198 | Package: Web Streaming of an event | 1/2 Day |
| 2.3.5.5 | Videoconferencing service | |
| 199 | Package: Videoconferencing service | 1/2 Day |
| 2.3.5.6 | Live interaction service | |
| 200 | Package: Live interaction service | 1/2 Day |
| 2.3.5.7 | Artificial Intelligence Integration | |
| 201 | Artificial Intelligence Integration | Flat rate |
| 2.3.6 | Events | |
| 2.3.6.1 | Defining an Event Concept | |
| 202 | Event Concept - standard | Flat rate |
| 203 | Event Concept - medium complex | Flat rate |
| 204 | Event Concept - complex | Flat rate |
| 2.3.6.2 | Participant Management | |
| 205 | Pre-event services | Per 50 participants |
| 206 | On-site services | Per 50 participants |
| | Badges (credit card format, colour printing, double sided, including o | |
| 207 | ≤ 500 copies | per Badge |
| 208 | > 500 copies | per Badge |
| 209 | Name plates | per name plate |

| | | |
|----------------|--|----------------|
| 2.3.6.4 | Virtual event platform | |
| 210 | Developing or booking, adapting and staffing | Flat rate |
| 2.3.6.5 | Signposting | |
| 211 | Signposting concept - standard event | Unit |
| 212 | Signposting concept - medium complex event | Unit |
| 213 | Signposting concept - complex event | Unit |
| 214 | Banner for inside use | m ² |
| 215 | Banner for outside use | m ² |
| 216 | Backdrop (not for projection) | m ² |
| 217 | Pop-up stand 3x3 (2450 mm x 685 mm) | Unit |
| 218 | Self-supporting, customisable sign, at least A2 size | Unit |
| 219 | Beach flag | Unit |
| 220 | Screen for signposting – small (up to 40") | Unit |
| 221 | Screen for signposting – large (at least 50") | Unit |
| 2.3.6.5 | Technical Equipment and Interpretation | |
| 222 | Audiovisual package for events ≤ 250 participants first 1/2 day | Unit |
| 223 | Audiovisual package for events ≤ 250 participants additional 1/2 day | Unit |
| 224 | Audiovisual package for events > 250 participants first 1/2 day | Unit |
| 225 | Audiovisual package for events > 250 participants additional 1/2 day | Unit |
| 226 | IT package for events ≤ 250 participants first 1/2 day | Unit |
| 227 | IT package for events ≤ 250 participants additional 1/2 day | Unit |
| 228 | IT package for events > 250 participants first 1/2 day | Unit |
| 229 | IT package for events > 250 participants additional 1/2 day | Unit |
| 230 | Screen for projections (at least 4x 6m) first 1/2 day | Unit |
| 231 | Screen for projections (at least 4x 6m) additional 1/2 day | Unit |
| 232 | TV- screen (42") first 1/2 day | Unit |
| 233 | TV- screen (42") additional 1/2 day | Unit |
| 234 | Laptop or PC with cabled internet connection first 1/2 day | Unit |
| 235 | Laptop or PC with cabled internet connection additional 1/2 day | Unit |
| 236 | Black-and-white printer, including 2000 pages of blank paper, connected to a laptop or PC first 1/2 day | Unit |
| 237 | Black-and-white printer, including 2000 pages of blank paper, connected to a laptop or PC additional 1/2 day | Unit |
| 238 | Colour printer, including 2000 pages of blank paper, connected to a laptop or PC first 1/2 day | Unit |
| 239 | Colour printer, including 2000 pages of blank paper, connected to a laptop or PC additional 1/2 day | Unit |

| | | |
|-----------------|---|-----------|
| 240 | Hand-held microphone | Unit |
| 241 | HeadSet with in-built microphone | Unit |
| 242 | Clip-on microphone | Unit |
| 243 | Provision of high-speed WiFi for 50 users | Unit |
| 244 | Interpreting booth, ISO 4043:1998, at least 2.40 m wide, 1.60 m deep and 2.00 m high (plus at least 20 cm for ventilation) on a platform first 1/2 day | Unit |
| 245 | Interpreting booth, ISO 4043:1998, at least 2.40 m wide, 1.60 m deep and 2.00 m high (plus at least 20 cm for ventilation) on a platform additional 1/2 day | Unit |
| 246 | 3 consoles, 3 microphones, 3 headphones, 3 screens, 3 chairs and 3 plugs for interpreting booth first 1/2 day | Set |
| 247 | 3 consoles, 3 microphones, 3 headphones, 3 screens, 3 chairs and 3 plugs for interpreting booth additional 1/2 day | Set |
| 248 | Set of headphones and receivers for interpretation | Per 50 |
| 249 | Interpretation - simultaneous interpretation EU official languages | 1/2 Day |
| 250 | Interpretation - simultaneous interpretation other languages | 1/2 Day |
| 2.3.6.6 | Protocol | |
| 251 | Coordination and advice per VIP planned (Minister or equivalent) | Flat rate |
| 252 | Coordination and advice VVIP (head of state/government or equivalent) | Flat rate |
| 253 | Flag and flagpole for inside use | Day |
| 254 | Flag and flagpole for outside use | Day |
| 255 | Table flag | Day |
